

`BDSExecOptions::Parse`

```
graph LR; A[BDSExecOptions::Parse] --> B[BDSMaterials::ListMaterials]; A --> C[BDSExecOptions::Usage];
```

The diagram illustrates a flow from a central node to two target nodes. The central node, `BDSExecOptions::Parse`, is highlighted with a grey background. Two blue arrows originate from its right side, pointing to `BDSMaterials::ListMaterials` (top) and `BDSExecOptions::Usage` (bottom). All nodes are enclosed in black rectangular boxes.
